

Media Dot Go[→]

Colorful and Affordable

Media Dot Go is an easy, affordable way to create pixel controlled full-color effects on walls, buildings, monuments—anywhere you can imagine. Long strings of individually controlled Dots produce bright color-changing effects, messages, or even video! 3 dot sizes mean you control the impact: long-distance viewing, creating a digital sign, or backlighting a wall can be done indoors or outdoors. Mounting ease & flexibility is guaranteed, whether directly to surface by screws, cable ties, clips or with Traxon's Mesh Mounting System.

Key Features

- ✓ DMX Controlled
- ✓ Flexible Mounting capability
